

CURRICULUM COMMITTEE

OVERVIEW:

Curriculum committee of Sri Manakula Vinayagar nursing college was started in 2007, to ensure that students acquire knowledge, skills, attitude, and behaviour to become excellent nursing professional and to provide holistic health care to all. It serves as an institutional body responsible to oversees the overall design, management, integration, evaluation, and enhancement of coherent and coordinated curriculum responsive to the evolving needs of the students.

FREQUENCY OF MEETING:

Monthly First week Thursday the meeting was conducted.

OBJECTIVES:

- To develop the student ability to think critically and independently
- To bring out the holistic development of the student's personality – physical, intellectual, emotional, social, and spiritual dimensions.
- Monitor all aspect of curriculum.

FUNCTIONS:

- Committee helps to identify the curriculum problems, find solutions and take corrective measures.
- To provide teachers, students, college leaders and community stakeholders with a measurable plan and structure for delivering a quality education.
- To provide the opportunity of acquiring knowledge and skills that will enable people to develop their full potential, and become successful members of society.
- Ensure the provision of adequate instructional resources.
- Facilitate the teaching learning process.
- To obtain and review feedback from various sources of the curriculum and instructional programs.
